The following amends the above referenced Bid documents. Receipt of this addendum must be acknowledged by completing the enclosed "Acknowledgement of Receipt of Addenda" Form and submitting it along with the Bid forms to the University.

The due date and time for the Bids to be submitted to the University remains as **TUESDAY, APRIL 23, 2013 by 2:00 p.m.**, via fax, to the Issuing Office.

**A. REVISION:**

Under Section 1: Contractor Requirements, “Item D. Insurance Requirements”, the bidder should include a copy of their Insurance Certificate, or a certification letter from the insurer that all requested coverage is available and will be provided to the contractor upon award of this contract.

**B. QUESTIONS AND ANSWERS:**

1. **QUESTION:** Under Section II: Autoclave Specifications, Item G. states that the Chamber shall be polished, but the finish is not specified.  
   **ANSWER:** The chamber shall be polished with a glass bead.

2. **QUESTION:** Under Section II: Autoclave Specifications, Item N. states that the autoclave shall not require compressed air or steam to operate valves or door gasket. Please clarify?  
   **ANSWER:** We require that the new unit not use compressed air or steam to operate valves or the door gasket so that it operates the same way that our other six autoclaves do. This simplifies both servicing and part stocking for the University.

3. **QUESTION:** What is the warranty period? Does this also cover maintenance?  
   **ANSWER:** Per Section II: Autoclave Specifications, Item T, the Pressure Vessel is to be warranted for a minimum of 15 years; all other parts shall be warranted for a minimum of 2 years. The warranty shall commence on the date of installation. We do not have a maintenance contract on the units, however, we bring in a firm to diagnose and service as the need arises.
