The purpose of this ADDENDUM NO. 2 dated October 20, 2009, is to distribute information in response to questions received from proposers. All other specifications, terms and conditions of this solicitation not expressly amended by the responses in this ADDENDUM remain as originally stated.

1. RFP Document, Section 00300, Article 2, Technical Proposal:

   - A. Technical Proposal Submittal: The following clarification is provided on the Minority Participation Attachments A & B forms:

     - Minority Participation Attachment A (also referred to as MBE Attachment A) – Certified MBE Utilization and Fair Solicitation Affidavit MUST be completed and signed and included in the technical proposal.

       **Note:** The Proposer’s failure to include the completed and signed MBE Attachment A form in its technical proposal will result in its proposal being found non-responsive; that is, the University will not be able to consider it.

     - Minority Participation Attachment B (also referred to as MBE Attachment B) – MBE Participation Schedule MUST be included as follows:

       - The MBE Attachment B must be completed and signed to identify the MBE participation during the design of the project and included with the proposer’s submitted price proposal (if the proposer advances to the price proposal phase).

       **Note:** Failure to include the completed and signed MBE Attachment B form will result in the proposer’s price proposal being found non-responsive; that is, the price proposal will not be considered.

       - The MBE Attachment B must be completed and signed by the awarded firm and included with each GMP submittal for construction work.

   - Paragraph #2, Firm Relevant Experience/References: The following general note is added to this paragraph:

     The projects submitted by the Prime AE firm and the other design consultants may duplicate the projects submitted by the Design/Build Contractor as well as one or more of the design team members provided the design team members have provided the required services for those projects.
Paragraph 4. Profile of Design/Build Team - #4.4 Prime A/E Firm (A/E of Record) and Engineering Firms Profiles: The Structural Engineer and Civil Engineer are added to #4.4 a. as follows:

a. Provide a complete, current form 330 for the Prime A/E, Landscape Architect, Mechanical/Electrical Engineering, Structural Engineering, Civil Engineering, and Fire Protection Engineering Firms. Projects noted on this form should demonstrate the A/E’s experience in similar projects as the UMBC project.

2. **Question**: Can the prime AE as well as any of the other design team members be on more than one design/build team?

**UMBC Response**: Yes, the RFP documents do not preclude this.

3. **Question**: Does the Design/Build Team need to identify the LEED AP on its team?

**UMBC Response**: Per the RFP, the Patapsco Hall Addition must achieve LEED Silver certification. The Design/Build Team, therefore, needs to take into consideration any (i) team composition and (ii) design services required to achieve this certification. The University, however, is not requiring proposers to identify the LEED AP in the technical proposal.

4. The attached Acknowledgement of Receipt of Addendum form is to be completed/signed and included with the Technical Proposal.

END OF ADDENDUM #2 DATED 10/20/09

Attachments: Acknowledgement of Receipt of Addendum
ACKNOWLEDGEMENT OF RECEIPT OF ADDENDA FORM

RFP NO.: #BC-20632-T

TECHNICAL PROPOSAL DUE DATE: MONDAY, NOVEMBER 2, 2009 ON OR BEFORE 4:00 P.M.

RFP FOR: DESIGN/BUILD CONTRACTOR FOR THE UMBC PATAPSCO HALL ADDITION PROJECT

NAME OF PROPOSER: ____________________________________________

The undersigned, hereby acknowledges the receipt of the following addenda:

Addendum No. 1____ dated 10/15/09

Addendum No. 2____ dated 10/20/09

Addendum No. _____ dated _____

Addendum No. _____ dated _____

As stated in the RFP documents, this form is included in our Technical Proposal.
