RE: UMBC Stadium Vehicular Bridge Replacement – BC-20879-R
ADDENDUM # 2

The following amends the above referenced RFP documents. Receipt of this addendum must be acknowledged by completing the enclosed "Acknowledgement of Receipt of Addenda" Form and submitting it along with the Technical Proposal you return to the University.

The due date and time for the Technical & Price Proposals to be submitted to the University remains as WEDNESDAY, JUNE 5, 2013 by 2:00 p.m. to the issuing office.

A. CHANGE(S) TO PROPOSAL DOCUMENT(S):

- Page 25, Section 2.1, DELETE “At least one (1) of the three contracts SHALL be in a Higher Education environment.”

B. The following questions have been submitted to the University for a response:

1. QUESTION: Is the contractor required to provide temporary access to the stadium (over the stream) during construction?

   ANSWER: No. The existing gate near the job site will kept closed.

2. QUESTION: Will the stadium be in use during construction?

   ANSWER: Maybe, but it won’t be interrupting the construction site.

3. QUESTION: Is there vehicle access to the stadium from the other side of construction, and could those vehicles approach the project site, and require the need of additional barriers at the stadium side of the project?

   ANSWER: There is another controlled vehicular access. However, since the gate near the job-site is kept closed, there will be no need of additional barrier.
4. **QUESTION:** Will the contractor be required to recycle any materials as a result of green standards by the University?

**ANSWER:** Maryland Department of Environment requires recycling. The university can receive small pieces of metal.

5. **QUESTION:** Since finished grades at the bridge have changed, can the contractor remove only the pavement necessary to extract and install the new culvert, patch the opening, and then install an asphalt overlay in accordance with the project limits?

**ANSWER:** No, conform to the construction documents.

6. **QUESTION:** Will filter fabric be required under the pipe bedding stone? None has been shown in the details.

**ANSWER:** If it is not shown, do not include it.

7. **QUESTION:** Where is section B-B from sheet CS.04 located in the drawings?

**ANSWER:** See Sheet CS.05.

8. **QUESTION:** Can the gas line shown in the construction limits be isolated with valves?

**ANSWER:** No.

9. **QUESTION:** Can the electrical conduit, shown to be underground, but actually attached to the back of the existing guardrail be isolated with breakers?

**ANSWER:** No.

10. **QUESTION:** Is the contractor required to purchase parking permits for construction vehicles, if so how much will they cost?

**ANSWER:** No. The contractor’s private cars can be park in Lot 23 or within staging area (no permit is required). The contractor can obtain permit for one vehicle that can be parked elsewhere. Work vehicles with company logo will not be ticketed.

11. **QUESTION:** Please explain how Item “K”, sheet 16 of Section III of “the Technical Requirements & Scope of work” applies to the general contractor?

**ANSWER:** If awarded, the General Contractor will be responsible for the project in its entirety (this includes work performed by sub-contractors).
12. QUESTION: What is the engineer's estimate for this project?

   ANSWER: Approximately, $90,000 (2012 estimate).

13. QUESTION: Are you going to post the results of the bid?

   ANSWER: This procurement is an Request for Proposals (RFP). Therefore, Technical & Price Proposals will be opened privately. After a contractor has been selected, and an award made, a notice of the award will be posted on eMaryland Marketplace @ https://emaryland.buyspeed.com/bso/ and on UMBC’s eBid Board @ http://www.umbc.edu/adminaffairs/procurement/EBidB.shtml.

14. QUESTION: Please explain the note: The University may elect to request the best and final offer price”? Are you going to bid shop the price after narrowing the selection to several contractors?

   ANSWER: The University will not bid shop the price.

15. QUESTION: Please verify the construction window for this project?

   ANSWER: November 18, 2013 to January 31, 2014.

16. QUESTION: Refer to sheet CS.04; the new conduit bank extends beyond the limits of pavement removal and replacement. Please indicate the acceptable method for installing these times.

   ANSWER: The actual locations of the termini and handhole box are approximate and could be field adjusted.

17. QUESTION: Has there been any consideration of eliminating the culvert and constructing a timber bridge over the stream?

   ANSWER: No.

Enclosure: Acknowledgement of Receipt of Addenda Form
Cc: Procurement File

END OF ADDENDUM #1 DATED 05/30/13

This addendum was posted on the University’s eBid Board and eMaryland Market on 05/30/13
(Original with enclosures were not mailed)
