A. EVALUATION AND SELECTION COMMITTEE

All vendors’ proposals received by the closing deadline will be evaluated. The Procurement Officer shall establish an Evaluation and Selection Committee to review and rate the proposals. The Committee shall be composed of the Procurement Officer and any other individuals that the Procurement Officer may appoint. The Committee may request additional technical assistance from any source.

B. EVALUATION PROCEDURE

Qualifying Proposals – The Committee shall first review each proposal for compliance with the mandatory requirements of this RFP. Failure to comply with any mandatory requirement will disqualify a vendor’s proposal. The University reserves the right to waive a mandatory requirement when it is in its best interest to do so. The vendor must assume responsibility for addressing all necessary technical and operational issues in meeting the objectives of the RFP.

C. EVALUATION OF PROPOSALS

1. Technical Evaluation: Technical Proposals will be evaluated by the University's Evaluation and Selection Committee before Price Proposals are requested. Those Technical Proposals not achieving at least 75% of the technical points available for Technical Phase will not continue or advance further in the procurement process. Proposer’s whose technical proposal achieves the required, minimum technical score of 75% or better of the available technical points will continue in the procurement process.

   Technical scoring will be based upon information provided in response to the desirable items in this RFP.

   Upon completion of the technical evaluation, all proposers will be notified as to the results of the technical evaluation of its firm's technical proposal.

2. Oral Presentations: Those Proposers whose Technical Proposals achieve the required 75% minimum or better technical score will be requested to participate in an Oral Presentation at the University. The due date and time of the Oral Presentation will be set by the University upon completion of the initial evaluation of the Technical Proposals. It is anticipated, however, that Oral Presentations will be conducted on or about Tuesday, November 19, 2013, between 9:00 a.m. – 5:00 p.m. The date will be verified by addendum sent to the applicable proposers at the time it is requested. All proposers are requested to set this date aside for this session on the Contract/Account
Representative and Backup Account Representative’s calendars so as to avoid any conflicts.

The purposes of the presentation are as follows:

(i) To allow the University to meet the Proposer's Key Personnel;
(ii) To allow the University to review and discuss aspects of selected areas of the Proposer's Technical Proposal (see 3.1 below); and
(iii) To provide an opportunity to clarify the University's scope of services to be provided by the successful vendor.

At this time, it is anticipated that each proposer will be requested to have the following personnel attend the oral presentation: the Contract/Account Representative and Backup Account Representative, as well as, any individuals who are needed to assist in the description of any part of the products and services proposed for this RFP.

At the time the Oral Presentations are scheduled, the University will confirm in writing with each Proposer the specifics of these sessions inclusive of the topics, time periods, and requested personnel.

Following the Oral Presentations, the University will conduct the Second Phase Technical Evaluation as described below.

3. Second Phase Technical Evaluation:

3.1 Following the Oral Presentations, a second technical evaluation will be conducted in which all categories of the technical proposal will be re-evaluated based on the Oral Presentation Session. Key Personnel and Firm References will be incorporated during this evaluation. The order of importance of the technical criteria will remain the same.

3.2 Proposers must maintain a minimum technical score of 75% of the available technical points in the Second Phase Technical Evaluation in order to advance in the procurement. Upon completion of the Second Phase Technical Evaluation, all Proposers will be notified as to the results this evaluation.

Please note, however, that no changes, alterations or additions to the Price Proposal Form are permitted.

The University may elect to request Best & Final Price Proposal(s).

D. **MINIMUM TECHNICAL SCORE**

Vendors must **achieve a minimum technical score of 75% of the total points available** for the technical evaluation in order to be considered for further evaluation. Vendors not achieving this minimum technical score will not be considered for the award.

E. **FINANCIAL EVALUATION**

The separate price volume of each qualified proposal will be evaluated following the completion of the technical evaluation. **Price Proposals will not be opened publicly.** Price Proposals will be evaluated based on the best total price to the University.

The University will establish a financial ranking of the proposals from lowest to highest total offers. If a numerical rating is utilized, the lowest evaluated total offer will receive 100% of the points awarded to the financial portion with subsequently higher quotes receiving proportionally lower points.

F. **FINAL RANKING AND SELECTION**

The resulting scores from the technical and price evaluation of proposals will be used as a guide in determining the successful proposer(s). The Evaluation and Selection Committee will choose from among the highest rated proposals which will best serve the interests of the University in accordance with the University System of Maryland Procurement Policies and Procedures. **Technical merit will be given a greater weight than cost in the final ranking.**
