Relevant Experience

Salar Inc. (December, 20xx – present)

Intern

Support to the lead computer specialists and programmers in this healthcare IT company on a product called Compliance+ for Tablet PCs. Used MS Visio to digitize paper medical forms through the use of form markup tools.

Day 1 Studio (Summer 20xx)

Tester

Tested new executables for this Xbox game development company for playability and certain game details. Outlined errors to enter into RAID database.

Neural Labs in Arizona State University (Summer 20xx)

Intern

Setup connection of intranet database system written in PHP and MySQL languages. Setup and debugged pages for database querying. Proofread long-term experiment proposal with Assistant Professor of Neurology. Composed 11-page paper on topic of the emergence of bioinformatics.

Ideal Computer Systems & Solutions (Summer 20xx)

Network Intern

Aided in the setup of a local area network for the use of Global Tax and Accounting Tax Services. Setup cable wires and successfully tested function and efficiency of final network.

Other Experience

UMBC Office of Student Life (September, 20xx – May, 20xx)

Event Advisor

Handled logistics for student groups planning events for their organizations. Provided excellent customer service and performed some clerical work.

Activities

- Play violin, piano and guitar; weekly public performances
- Embrace teamwork through participation in Badminton, Soccer, Basketball, and Ultimate Frisbee
