

Assessment of Interest in Applied Master of Science (MS) degree in Civil and Environmental Engineering (CEE) at the University of Maryland Baltimore County (UMBC)

The University of Maryland Baltimore County is assessing the interest of the practicing engineering community in the Baltimore/Washington area in an Applied Master of Science degree in Civil and Environmental Engineering. Information gathered from this survey will be used to determine the focus areas of the new degree program. Please take the time to fill out the survey to help the department in this endeavor.

1. Please provide contact information (specify home or office)

Name and Title: _____

Company: _____

Address: _____

Phone/Fax: _____ Email: _____

2. Please provide information on educational and employment background.

Degree Type/Year (e.g., BS, MS): _____ Area of Study: _____ Institution: _____ _____	Briefly describe relevant employment/job duties
---	---

3. Please check the statement that best describes your interest in the UMBC-CEE graduate program:

- I am interested in taking classes towards obtaining a MS degree in CEE
- I am interested in taking individual classes for professional development.
- I am interested in a graduate degree in another area of engineering (Please specify: _____)

4. Check the areas of CEE that you would like to see classes offered in:

- Engineering Management Environmental/Water Resources Geotechnical
- Project/Construction Management Structures Transportation

5. How many classes per semester would you take: _____

6. Please include comments/questions that you may have

Return survey to: Brian Reed, Acting Chair, Department of Civil and Environmental Engineering
