

SELECTION OF ENGLISH MAJOR CURRICULUM REQUIREMENTS

**for students already declared as English majors prior to Fall 2011
(students declaring the major in Fall 2011 or later need not sign this form)**

To the student: You must choose which requirements you wish to follow during your English major—either the new requirements effective Fall 2011 or the old requirements in effect prior to Fall 2011. Your signature below indicates your commitment to follow that course of study.

Note: in most cases, if you are beyond the first year of your English major coursework, the old requirements will let you complete the major most efficiently.

To the advisor: You must review both new and old requirements for the major before you and the student sign this form. Give one copy of the form to the student and keep the original in the student's advising file.

I will follow the new English major requirements that go into effect in Fall 2011

I will follow the old English major requirements in effect prior to Fall 2011
