

VOICE BOARD – STUDENT USE

Log in to your Bb course

Click on Voice Board (may be a button on side or your instructor will tell you the tab where it is placed)

Find assignment – enter voice board

Please Note- you should run the Wimba Wizard to be sure your machine is configured correctly – must allow pop-ups, cookies and trust applet.

Instructor may just write the assignment and then you can hit new to record your response or if it is a response needed for an oral question, highlight text with speaker at end, then click on green arrow below to play

Click reply, then red dot to record your entry

Square stops recording

Playback with green arrow

Can re-do it as many times as you want, then post it

Once you post, you cannot change it or delete it

The screenshot displays the Wimba Voice Board interface. At the top, a 'Recording' status bar indicates 'Please read the paragraph on p.3 aloud'. To the right, there is a 'Setup Wimba' icon and a note: 'Run the setup w... that your compu... Wimba Voice'. Below this, a toolbar contains 'Reply', 'Forward', and 'Options' buttons. The main content area shows a list of messages with expandable arrows. The selected message is: '08/19/08 Jane Test 3 private from Rong Guan (0'4") 8/19/08'. Below the message list, a metadata box shows: 'Subject: 08/19/08 Jane Test 3 private', 'Date: 8/19/08 3:37 PM', and 'From: Rong Guan'. At the bottom right, a playback control bar shows a progress indicator from 0:00 to 0:04, with play, pause, and stop buttons.

To re-play after submitted

Click on expand all under options to see the entry you want, highlight, hit green arrow to play or go to options at top right and choose continuous play or play on click
