

UMBC Policy on Facilities Use UMBC#VI-4.10.01

I. Introduction

This policy is predicated on the University System of Maryland Policy 145.0 VI-4.10- POLICY ON THE USE OF THE PHYSICAL FACILITIES OF THE UNIVERSITY SYSTEM FOR PUBLIC MEETINGS, which was approved by the Board of Regents on January 11, 1990. The policy reads:

1. The physical facilities of the University System may be used for public meetings, including political meetings, if proper safeguards are provided to assure the orderly use of facilities.
2. Persons wishing to use a facility must apply to the proper administrative authorities. Each president will be responsible for adopting rules governing the use of its facilities, and procedures for the application for such use.
3. A reasonable charge may be made to cover costs of such facilities, including utilities, police protection, janitorial service and other necessary expenses.
4. Permission to use a facility does not imply endorsement by the University or its institutions of the view or programs of the user.

II. Purpose

This policy is adopted to establish a clear understanding of the scheduling and use of UMBC facilities and to assure that all UMBC land, buildings and facilities will be used in accord with the University's mission, goals and policies. The policy establishes regulations for the periodic, temporary, and contractual use of university facilities by external users, campus-based users, sponsored users, and student organizations. It promotes compliance with other University policies and State law, regulates the time, place and manner of the use, defines important terms, and identifies staff members who are responsible for facilities use, and describes consequence for violations of the Policy.

This policy is designed to:

1. establish a consistent and equitable approach for handling scheduling requests for the use of UMBC facilities
2. establish rules for access to facilities for all users
3. require user compliance with University policies and State law
4. regulate the time, manner, and place of the use of UMBC facilities, provide access to facility specific guidelines, primarily through web links identify consequences for failure to adhere to the policy
5. and address legal and financial issues pertinent to facility use.

III. Philosophy

UMBC facilities are intended for the primary use of supporting UMBC approved academic and co-curricular programs and events. UMBC gives usage priority to recognized University organizations, groups, departments, and faculty, staff or student activities. Beyond this, UMBC recognizes its role as a public institution in the state and the local community, and can make appropriate facilities available for events sponsored by other groups so long as those events do not conflict with institutional priorities or adversely impact the University's resources

In fulfilling its mission, the University recognizes free inquiry and free expression as indispensable components in the examination of ideas, and scheduling decisions are not made to restrict such expression.

IV. Definitions

 - b. Group requests the game room for an event/activity that will require some disruption to the normal schedule of the room (ping pong tables and game boxes removed, lights dimmed) but wish billiards to continue (paid for by individual patrons). In this case, billiards will revert to black light pool, regular charge. Group responsible for cost of set-up and any special needs for their event. No costs incurred by sponsoring group for black light pool.
 - c. Group requests the game room for a closed event requiring the room to be closed to general public. In this case, the group will be responsible for all set-up costs, AV costs as well as true labor costs for game room attendant. The group may choose to run billiards during their event or not, free of charge to their event patrons.
 - d. Group requests the game room when the room is normally closed (after hours). Group will be responsible for room set-up, AV costs, and will guarantee security in the space as no game room attendant will be present. - D. The Commons Quad can be used by special permission only. Other areas outside of the Commons are also considered a part of this reservation including the Commons/Physics Circle which can be used for events involving vehicles and/or novelty games. Parking for vehicles in this area must not block the general flow of traffic unless the circle is closed to traffic for a specific event. - H. Weekly meetings can be scheduled on a semester basis; in April for the Fall semester and in November for Spring semester.
