Congratulations on your acceptance and welcome to UMBC.

As Vice President for Student Affairs, I am proud to work with the staff and students who deliver the many programs and activities designed to enhance your experience outside of the classroom while supporting your academic work. Your experiences at UMBC will be enhanced by your level of motivation and engagement both inside and outside of the classroom.

The diversity of our student organizations, all supported by the Student Government Association, reflects the many varied interests of our students and contributes to an exciting campus life. Students at UMBC are involved in everything from cultural and academic clubs, service organizations and political groups to social fraternities and sororities, arts groups, dance clubs and martial arts.

In addition to student organizations, don’t forget to look into our exciting athletics programs. The UMBC Retrievers compete in the NCAA Division I America East Conference, which brings a high level of athletic competition and school spirit to the campus. The Department of Athletics is also home to our popular intramurals and club sports programs and offers a number of physical education classes from skiing and tennis to basketball and scuba diving.

These are just a sampling of the many great and varied activities, organizations, and opportunities that await you at UMBC. I encourage you to take full advantage to become engaged with your UMBC; these are the things that will make your educational experience exceptional. Again, congratulations on your acceptance. I look forward to seeing you this year.

Sincerely,

Dr. Nancy Young
Vice President for Student Affairs

WHY IS IT IMPORTANT?

Your Campus Card is very important for many reasons. If you live on campus, it is what you use to enter your residential hall or apartment building. If you purchased a meal plan, it is what you use to get food on campus, and if you don’t have a meal plan you can still use Retriever Dollars or food funds at dining locations. You can also use Retriever Dollars to pay for other campus services like printing or mailing a package. Many campus events also require you to show your Campus ID upon entry or ticket purchase.

WHAT IS IT USED FOR?

You can use your campus card to purchase food on campus using meals, rewards, flex, and Retriever Dollars. You can also use your Red ID with off campus merchants such as Papa John’s. You can also use it to print documents at the CIC desk in The Commons, at the computers in the Library or at commonvision on the third floor of The Commons.

“I once got locked out of my apartment at 5 am because I left my red card inside and none of my roommates woke up to help me out, so I went up to the Community Center to get a temporary card for free! Someone is on schedule 24/7 to help you get temp cards if you lose yours!”

- Sarah Lilly, ‘17

CAMPUS CARD & MAIL SERVICES

campuscard.umbc.edu

Fax: 410-612-2223

Hours of Operation:
Monday - Friday
8:30am - 4:00pm
• Using myUMBC you can view your transaction history, account balances, manage deposits, and even mark your card as lost if you misplace it.

• Keeping your card in your wallet or in a card holder can help to protect against damages.

• Lots of local businesses will offer a discount simply by showing your UMBC ID.

WHAT IS THE DIFFERENCE BETWEEN A MEAL, FLEX, AND RETRIEVER DOLLARS?

Meals can be used anywhere on campus with a meal exchange option for up to $6.10. This include The Commons, True Grits, the first floor of the Library and the first floor of the Administration Building. Meals cannot be used at the Yum Shop, The Bookstore, Flat Tuesday’s or The Skylight Room. A meal can only be used if you have purchased a meal plan. Meals cannot transfer to the next semester.

Flex is also only available through meal plans and can be used at all the same locations as meals. Flex is used when you don’t want to use a meal, or your purchase exceeds the limit of a meal exchange and you have to pay the difference. Sometimes it can be a good idea to use flex for a purchase less than $6.10 so you don’t use your meal. Flex can only be used for food and the household and cleaning items available at the Outtakes in True Grit’s. Flex cannot transfer to the next semester.

Retriever Dollars, can be used at all the same places as a meal and flex as well as additional locations like the Yum Shoppe, commonvision, Mail Services, and the Bookstore.

Food Funds can be added to your campus card at anytime. They can only be used at UMBC Dining Services operated venues. They never expire.
HOW CAN I ADD MONEY TO MY CAMPUS CARD?

You can transfer money to your campus card from a debit or credit card by going onto your myUMBC account and visiting the Food & Dining page under “Topics.” From there you can click on Campus Card, and then find the “Deposit Here” tab on the left. There is a $10 minimum for transferring online and a 2.75% transaction fee.

You can also add cash using machines around campus or at the CIC desk in The Commons lobby. Additionally, funds can be added via check, mailed or delivered to the Campus Card Office and made payable to UMBC. Make sure to include your student ID number on the check.

WHAT HAPPENS IF I LOSE MY CARD?

Replacements for lost, stolen, and damaged cards can be obtained from our office — cards cannot be mailed or released to anyone other than the cardholder. Additionally, you must have a form of valid, government-issued photo ID for any replacements.

The replacement fees for lost and/or stolen cards is $20 paid at the office via cash, check or Retriever Dollars or $30 billed to your student account. Damaged cards are replaced at no charge at the discretion of Campus Card & Mail Services staff.

-Amy Berbert, '17

WHERE DO I GO TO DO THAT?

NEED EXTRA HELP?

Have you ever felt like you were falling behind in a class? Was the grade you got on your last paper not what you were hoping for? Or maybe you are just trying to get your math credit and numbers aren’t really your thing. No matter what the academic issue you’re having is, UMBC has an answer. Below is a list of different ways you can get help with homework, papers, course material, and test prep.

- **THE LEARNING RESOURCE CENTER (LRC)**
The Learning Resources Center (LRC) is UMBC’s undergraduate academic support program designed to help students reach their academic goals and become independent, lifelong learners. The LRC collaborates with students, faculty, staff, and the community to conduct programs that maximize learning success. The LRC is open and free of charge to all enrolled UMBC students.

- **The Writing Center**
UMBC’s Writing Center, located in the AOK Library, is happy to assist students with writing assignments in any UMBC course. They will work with you at any stage of the writing process— you don’t even need to have a full draft to come talk with a tutor!

“The Writing Center really makes you take a step back and go through your thought process rather than just fixing typos. It has really helped me become a stronger writer.”

-Bradley Ingram, ‘18
**Tutoring**

The LRC offers tutoring in most first- and second-level classes. They offer tutoring in three locations: the Math Lab, The Writing Center and the Tutorial Center for appointment tutoring. You can make appointments online anytime on the LRC website at lrc.umbc.edu.
NEED EXTRA HELP?

**P.A.S.S. SI**
Supplemental Instruction (SI) is an academic support model that utilizes peer assisted study sessions (PASS). The PASS_SI program targets difficult academic courses and provides regularly scheduled, out-of-class review sessions. The sessions are informal seminars in which students compare notes, discuss readings and develop organizational tools and predict test items. To see the current SI schedule visit si.lrc.umbc.edu/schedule

**English Language Institute (ELI)**
The LRC offers English as a Second Language tutoring for students in LRC 115 or for any student that would like extra practice with their conversation skills. The tutoring is one-on-one, for 50 minutes a week, and meets at the same time every week. You can enroll using the Enrollment Form. The English Language Institute at UMBC also offers conversation partners. You can apply for a partner at their website.
THE MATH GYM
The Math Gym provides a framework of connecting the practice to class work in a tangible way. The Math Gym features “conditioning coaches” and “personal trainers” who will help students keep their foundational math skills in good working order. It promotes healthy math habits among all our students, drawing a clear analogy between the regular work outs and conditioning needed to maintain both athletic and mathematical skill. For the current hours visit mathgym.umbc.edu

CONVERSATION PARTNERS
• Interested ELI students and volunteers apply online
• ELI students and volunteers each attend separate orientations The ELI staff matches students and volunteers based on gender (if preferable), interests and availability. Partners begin meeting independently.
• ELI students and volunteers meet together at the ELI Conversation Partners Meet & Greet Social Event

Check online for hours or to make an appointment.

“I had my hazards on and forgot to turn them off when I was driving. When I parked on the loop, I didn’t realize they were still on. The UMBC Police called me to let me know they were on, and then helped me jumpstart my car for free since the battery died. Since it was raining, they also offered me a ride back to my apartment after!”

The UMBC Career Center aims to empower all students and graduates to create their own success stories. Our team of talented and dedicated professionals are here to help you explore your career options, weigh decisions, and gain experience through internships, co-ops, and research positions. We will also connect you to employers seeking to hire UMBC talent through on-campus networking events and career fairs.

There are dozens of resume workshops, job fairs, networking events, and other career building opportunities offered each semester. Make sure you are checking my.umbc/events or the Career Center’s website to stay up to date.

HOW DO I SCHEDULE A PRACTICE INTERVIEW?

Unlike other appointments, practice interviews must be scheduled by phone or in person at the Career Center. It’s a good idea to schedule these 60-minute appointments at least a week or two in advance. Plan to dress professionally, bring a flash-drive with at least 3 GB of free data, and prepare a tailored resume and cover letter.
There are lots of opportunities for on campus jobs and internships nearby. A good way to take advantage of these is to create a UMBCworks profile. UMBCworks is a platform for students and alumni to upload their resume, search for jobs, and curate their profile. You can also schedule appointments with a Career Center advisor to review your resume, practice interviewing, and more.

UMBCworks is also where you can get credit for an internship you complete. To do so you must enroll in PRAC. PRAC is short for Practicum. Practicums are zero-credit courses for students participating in internships, co-ops, research, and on-campus employment. But if you complete PRAC and enroll in your major's internship specific class, you can earn credit hours for your time in the field. For more information on how to do this, visit the Career Center to speak with an advisor or go online to careers.umbc.edu.

“...There are so many employment opportunities on campus, but the best thing about working on campus is being able to share my experience as a UMBC student. I can offer a unique perspective of my own experiences from classes, to activities, residential halls, and what its like to be a student at UMBC.”

- Rebecca Postowski, ’16

WHAT KIND OF POSITIONS ARE IN UMBCWORKS?

RESIDENTIAL LIFE OFFICE
(410) 455 2591
Ground Floor of Erickson Hall
Weekdays 8:30am - 4:30pm
You are now a citizen of the UMBC community and will enjoy all of the privileges and responsibilities of this affiliation. Student Judicial Programs (SJP) shares your high expectations for your students and supports UMBC’s dedication to student success and development by drafting, publishing, and enforcing The Code of Student Conduct. See page 77 for a link to the Student Code of Conduct.

SJP is also where you can contest parking tickets, where student discipline happens, and where a student can report allegations of misconduct. For more information visit umbc.edu/sjp

TOP FIVE PARKING TICKET APPEAL REASONS AND WHY THEY AREN’T GOOD ENOUGH

1. *My hangtag was on the floor, dashboard, car seat, etc.*
   Hangtags must be displayed on rearview mirror.

2. *I left my hangtag in another car*
   Temporary hangtags can be picked up from Parking Services.

3. *I had my hazard lights on, I was only going to be gone for a second.*
   Hazard lights are only meant to be used when your vehicle is potentially dangerous to other drivers, not to signal you’ll be right back.

4. *I only missed the meter by a few minutes.*
   Put an extra quarter in to give yourself ample time to return to your car. An expired meter is an expired meter, whether it is 5 minutes or 50 minutes.

5. *I didn’t see the painted curb, posted sign, etc.*
   Pay attention to the area surrounding your vehicle; not seeing signs or markings prohibiting parking is not an excuse for violating parking rules and regulations.
STUDENT HEARING BOARD
The UMBC Student Hearing Board supports The Office of Student Judicial Programs, and our mission, by resolving contested cases of student misconduct in a formal hearing setting.

A student is eligible to apply to be a Justice of the UMBC Student Hearing Board if s/he:

• is a full-time student
• is in good academic standing
• is in good conduct standing
• has completed at least one semester at UMBC

CLEAN AIR. CLEAN CAMPUS.

HERE’S WHAT YOU NEED TO KNOW ABOUT THE UMBC CAMPUS SMOKING POLICY:

University enforcement personnel will be issuing written warnings. Smoking outside designated smoking areas will result in a $50 fine. E-Cigarettes are not permitted indoors.

Enforcement is everyone’s responsibility. If you see someone smoking on campus please politely inform them of the new policy. If you do not feel comfortable approaching someone violating the policy, we ask that you report the incident.

For more information visit smokefree.umbc.edu
If you choose to smoke, the campus has provided two designated areas removed from major pedestrian traffic. The two locations are the Park Road Smoking Area (adjacent to Lots 1 and 3) and the Faculty Lot 8 (near the Central Plant).

If you would like to stop smoking, University Health Services offers free visits with a medical provider who will provide support and discuss various options for quitting.
The University of Maryland, Baltimore County ("University" or "UMBC") is a dynamic public research university integrating teaching, research and service. UMBC understands that as an educational institution, it plays an essential role in preparing the future generations of leaders. By virtue of this special role, the University is fully committed to providing an environment where all UMBC community members are treated with respect and dignity and UMBC community member differences are honored. To achieve this environment, the University recognizes its responsibility to maintain an environment which is free from Sexual Misconduct and other Related Misconduct. Such acts violate the essential dignity of our community members and are contrary to our institutional values. To that end, this Policy sets forth how the University defines Sexual Misconduct and other Related Misconduct, describes available resources and reporting options, explains whether and to what extent interactions with various resources are confidential, identifies interim measures that may be available in particular cases, and describes the University’s education and prevention programs. The accompanying Procedures set forth how the University will address reports of Sexual Misconduct and other Related Misconduct, as well as identify the rights of all parties involved in the process.

UMBC’s academic system is governed by policies and procedures which students should become familiar with, and knowledgeable of, while here. These policies and procedures can be located on the UMBC Policy Page, in the Undergraduate and Graduate Catalogs, as well as the websites for the Office of the Registrar, the Office of Undergraduate Education, and the Graduate School. The regulations govern such issues as academic status, academic conduct, registration activities and the handling of University records. The University assumes that all students have read and understand the policies and procedures discussed in the catalogs, the schedule of classes and the student handbook.

Students are responsible for seeking assistance with academic requirements and regulations, and students are strongly encouraged to consult regularly with their academic advisor or unit. Specific UMBC degree requirements pertain to each course of study (major, minor, certificate); further information can be found in the catalogs and obtained from the specific department or discipline.

ACADEMIC INTEGRITY

Integrity lies at the heart of the academic endeavor. The Undergraduate Student Academic Conduct Policy (Policy) defines and strives to ensure academic integrity at the University of Maryland, Baltimore County (UMBC). The Policy describes the process for addressing allegations of undergraduate student academic misconduct. The underlying philosophy of this Policy is that members of the university community view academic integrity as a serious institutional value and that academic misconduct incidents should be resolved by faculty members and students in a cooperative manner.

Some cases of academic misconduct may seem more serious than others; however, all instances of academic misconduct as described in the Policy should be reported to the Academic Conduct Committee. Filing a report, even when the offense does not appear to be extensive, flagrant, repeated, or intentionally deceitful, produces two worthwhile results: it creates a record that can identify a student whose misconduct is repeated in more than one course or over more than one semester, and it clarifies that UMBC takes academic misconduct seriously.
All members of the UMBC community, including your student, are expected to make a commitment to academic honesty in their own actions and with others. Academic misconduct can result in disciplinary action that may include probation/suspension/expulsion with a permanent transcript notation. The following are examples of academic misconduct that are not tolerated at UMBC:

**Cheating**
Using or attempting to use unauthorized material, information, study aids, or another person’s work in any academic exercise.

**Fabrication**
Falsification or invention of any information or citation in an academic exercise.

**Facilitating academic misconduct**
Helping or attempting to help another student commit an act of academic misconduct.

**Dishonesty**
Lack of truthfulness or sincerity when interacting with the faculty member regarding an academic exercise.

**Plagiarism**
Knowingly, or by carelessness or negligence, representing as one’s own, in any academic exercise, the intellectual or creative work of someone else.

To that end, UMBC has adopted the following statement as it describes the high standards to which everyone in the community will be held:

By enrolling in this course, each student assumes the responsibilities of an active participant in UMBC’s scholarly community in which everyone’s academic work and behavior are held to the highest standards of honesty. Cheating, fabrication, plagiarism, and helping others to commit these acts are all forms of academic dishonesty, and they are wrong. Academic misconduct could result in disciplinary action that may include, but is not limited to, suspension or dismissal.

The University of Maryland, Baltimore County ("University" or "UMBC") values safety, cultural and ethnic diversity, social responsibility, lifelong learning, equity, and civic engagement. Consistent with these principles, the University does not discriminate in offering equal access to its educational programs and activities or with respect to employment terms and conditions on the basis of an UMBC community member’s race, creed, color, religion, sex, gender, pregnancy, ancestry, age, gender identity or expression, national origin, veterans status, marital status, sexual orientation, physical or mental disability, or genetic information.

In accordance with the guidelines established by UMBC and pursuant to federal law, identified as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998,” all currently enrolled students, campus employees and all prospective students and prospective employees are entitled to request and receive a copy of the UMBC Annual Campus Security Report (CLERY REPORT). Copies of this report may be obtained by calling 410.455.5555 or in person from the UMBC Police Department or on-line at the Police Department’s website located at police.umbc.edu.
As an institution of higher learning, UMBC seeks to promote the intellectual, social, cultural, and physical well-being of all of its students, faculty and staff. The abuse of controlled substances and alcohol poses substantial risks to the well-being and judgment of all members of the community. The complete Substance Abuse Policy is available at http://www.umbc.edu/policies/. For further information concerning the Substance Abuse Policy as it applies to employees, call Human Resources at 410.455.2337. UMBC participates in Federal student aid programs that are authorized under Title IV of the Higher Education Act of 1965. Participating institutions must be legally authorized to operate with the state in which it is located.

Title 34 CFR §600.9 requires states to have a “process to review and appropriately act on complaints concerning the institution including enforcing applicable State laws.” Title 34 CFR §668.43(b) requires that institutions, “make available for review to any enrolled or prospective student upon request, a copy of the documents describing the institution’s accreditation and its State, Federal, or tribal approval or licensing. The institution must also provide its students or prospective students with contact information for filing complaints with its accreditor and with its State approval or licensing entity and any other relevant State official or agency that would appropriately handle a student’s complaint.”

To comply with this regulation, UMBC makes every effort to resolve student complaints internally, using policies and procedures primarily outlined on the UMBC Policy Page, in the University Catalogs and in the Student Handbook. Students are expected to familiarize themselves and fully utilize any and all administrative policies, procedures and/or resources provided by UMBC.

GUIDING PRINCIPLES

UMBC promotes a campus community that is grounded on several values including integrity, respect, and civility. UMBC strives to provide students a positive academic experience by creating a collegial environment in which questions/concerns may be resolved internally in a fair and timely manner. If a question or concern arises, students are encouraged to first seek resolution by scheduling a meeting (preferably face-to-face) with the faculty, staff, administrator, office or designated point of contact involved. If a question or concern is not satisfactorily resolved with the faculty, staff, administrator, office or designated point of contact involved, students are then encouraged to schedule a meeting with the next level supervisor. In rare instances when a matter continues to go unresolved, and all earlier attempts to find a resolution have been exhausted, the next level supervisor or appropriate senior level administrator who provides broad oversight to the individual/office involved may be contacted for assistance.
