

Evidence and Informatics Transforming Nursing Summit Agenda Overview

Evidence and Informatics Transforming Nursing Summit

October 30-November 1, 2006

Uniformed Services University of the Health Sciences (USUHS)
4301 Jones Bridge Road

WELCOME RECEPTION – Monday, October 30, 2006 6:30pm-9:00pm
TIGER speakers and participants with a special invitation to Deans and/or designees attending the Annual AACN Meeting.

DAY ONE – Tuesday, October 31, 2006 8:00am-6:00pm

Welcome and Introduction - Preparing for the Day

The welcome and introduction will frame the two-day Summit, and prepare the group to come to consensus on a vision and action for the future of nursing and technology in healthcare.

Key Note and Panel Discussion – “Key Insights about the Future of Nursing and Information Technology: Crossing the Quality Chasm”

The keynote speaker and panel members will bring the realities of what is at stake for nursing NOT taking action to diffuse technology and new ways of thinking into our day-to-day practice and education settings. Key insights will be shared to shape the agenda of the Summit and the promise of technology.

Key Note Speaker: US Surgeon General Vice Admiral Richard Carmona (*Invited*)

Panel Moderator: Dr. Patricia Brennan (*Invited*)

Panelists: ANA, AACN, AONE, NLN, and Sigma Theta Tau

Participants Insights – Future of Nursing and Technology

Small group dialogue

Digital Diffusion via Gallery Walk: A Guided Learning Experience

A glimpse of current and future technologies that will impact nursing leaders, practitioners, educators, and researchers.

Current State of Affairs

Nursing organizations share their current agenda and goals related to transforming practice, education and research through informatics.

Practice Case Study Exemplars – Answering the Challenge of Nursing Practice and Information Technology

Three innovative case studies that have demonstrated new ways of thinking and critical core competencies into practice will be highlighted.

Common Vision and Goals

Stakeholders will create a common vision and generate goals that individual organizations will facilitate over the next three years.

DAY TWO – Wednesday, November 1, 2006 8:00am-5:30pm

Prioritization of Goals

The second day kicks off with a large-group discussion on key learning, experiences and insights from the previous day. Goals will be prioritized.

Education Case Study Exemplars – Answering the Challenge of Nursing Education and Information Technology

Three innovative case studies that have demonstrated new ways of thinking and critical core competencies into education will be highlighted.

National Agenda Brainstorming to Address Strategies and Barriers Toward New Vision

Group dialogue to brainstorm ideas about potential strategies and action plans.

Prioritization of Actions

Automated Response System voting on prioritized actions, encouraging participants to vote for the strategies or groups of strategies in which they want to participate and/or maintain involvement.

National Agenda Brainstorming Strategies Nursing organizations share from their small group work done in breakouts re: brainstorming ideas to support the summit action plans.

Local & Global Action Plans and Dissemination

Action plans, dissemination methods and follow up plans will be established.
