Arrival Unloading Guidelines

Dear Resident,

When you arrive on campus, simply fold this form and put it in your dashboard as your 20-minute unloading pass. **Parents or others who have accompanied you should begin unloading your items out of the car while the student goes in to complete check in and obtain room key.** Twenty minutes should allow just enough time to pull into a space, unload items and then move your car. If possible, it’s best to arrive with two or more other people, so someone can stay with your belongings while you check-in and the driver moves the car. Please bring this pass with you to move in. A residential map is available for download from our web site: [http://www.umbc.edu/reslife/living/opening_spring.html](http://www.umbc.edu/reslife/living/opening_spring.html) REMEMBER: You’ll need your red UMBC ID card BEFORE you check-in. If you don’t have your red UMBC ID card, make sure to stop by the Campus Card Office prior to check in. The Campus Card Office is located on the first floor of the University Center building.
