Guidelines Regarding Door and Floor Decorations

In an effort to create a welcoming and safe environment for all students the following guidelines should be followed when creating door and floor decorations:

- No decoration should be burned in any way
- Door decorations should not contain last names or birthdays
- The theme should be positive
- It should be evident that effort was put into creating the decorations (i.e. not using colorful sticky notes as door decorations)
- All decorations should be mounted properly (i.e. no staples for door decorations)
- You should make at least ten extra door decorations in case you get any new residents
- Be creative
- If you are uncertain whether something is appropriate or not run the idea and a sample by your supervisor for their approval
