About the standards

These graphic standards guidelines apply to the new UMBC Retrievers athletic identity. The specifications and examples in the following pages are meant to help the university communicate a distinctive and unified athletic image.

Consistency is the key to an effective brand. Consistent color. Consistent symbol, shape and form. And consistent application to team wear, merchandise and environmental graphics.

A well-managed athletic identity ensures that UMBC invests its resources effectively and projects an image that earns recognition for the university both locally and nationally.

These guidelines will help you apply the UMBC athletic identity across a range of applications — and do so clearly and consistently.
Primary logo, secondary logo and wordmark

The UMBC Retrievers primary athletic logo is also known as the “external mark” because it expresses most fully UMBC’s athletic identity to those outside the university.

The primary logo consists of the Chesapeake Bay Retriever and the UMBC letter form in one unified graphic. It is used on stationery, printed material, the athletic department’s Web site and at high-profile venues — for example, at center court or on large banners or signs that display the symbol in a prominent way.

The elements that make up the primary logo appear in a fixed relationship to one another and must never be altered, modified or repositioned in ways other than those shown in these guidelines. For reproduction purposes, always use the digital artwork supplied.

The secondary logo and wordmark complement the primary UMBC athletic identity and allow for limited custom usage — for example, stitching the Retriever on the front of a baseball cap or applying the wordmark to a shirt or jacket.
UMBC Retrievers colors

The colors used in the primary mark are made up of UMBC black, gold and brown. Depending on the application, the appropriate color process should be used (see color chips below).

PMS Black
CMYK - 0/0/0/100
RGB - 0/0/0

PMS 123C*
CMYK - 0/25/100/0
RGB - 255/194/14
* PMS 109U for uncoated applications

PMS 1255C
CMYK - 0/25/100/35
RGB - 255/177/137/6
Color application

UMBC's athletic logos should never be reproduced in any other colors than those specified in these guidelines.

- The preferred way to reproduce the primary and secondary UMBC athletic logos is in full color: black, gold and brown.*

- The next most preferred option is black and gold.*

- When printing a logo in a single color, black is recommended.

- Preferred background colors are UMBC black, gold or gray.

* Please note that when printing on white paper or fabric, white would not be considered a "printed" or "additional" color. However, when silk screening or stitching on a gold, gray or black background fabric, white would be treated as an additional color.
Marks against a background color

A gold border should separate the marks from a black background. When using a gold background, a white border should be used.
Logo and wordmark alternatives

In some applications, there may be a need to use specific elements of the logo or wordmark. These are the only two approved alternatives: the arched UMBC and the Retriever head (shown in color and black & white).
Logo/wordmark clear space and minimum size

A clear space is defined to insure the UMBC primary logo and wordmark will have maximum visibility and impact. Without the minimum clear space, the mark’s impact will be compromised.

Do not allow any distracting graphic elements, such as copy, photography or background patterns, to clutter the clear space.

As shown here, the width of the “U” has been chosen as the standard unit of measurement for calculating the clear space. As the size of the logo increases, so does the clear space around it.

Minimum reproduction size for print applications

The UMBC Retrievers logo and wordmark have been designed in such a way as to retain visual impact in a wide range of sizes. However, there are sizes below in which the mark ceases to be clearly legible and is thus diminished in impact. The minimum acceptable size for printing is illustrated here.

The UMBC Retrievers logo may be reproduced in print no smaller than 1 inch in width. The wordmark may be reproduced no smaller than 1.5 inches in width.
Logo/wordmark misuse

The examples illustrated here are only some of the possible incorrect uses of the UMBC primary logo and wordmark, **none of which is permitted**. Because the value and impact of the athletic identity depends on consistent reproduction, these and other misuses of the identity will compromise its effectiveness.

For correct reproduction, always use the digital artwork supplied.
Letterhead and business cards

The layout of the UMBC Retrievers stationery system follows the university’s institutional stationery structure, with the same fonts and text treatment.
Teamwear examples

It is recommended that logos and wordmarks be applied consistently to uniforms across all sports. While it is not uncommon for individual sports to have their own traditions and cultures, the consistent application of UMBC's athletic identity is vital to building recognition for the university over time.

While the examples of teamwear on the following pages are not meant to be prescribed "uniform designs," they do illustrate key requirements, including:

- dominant use of black and gold.
- consistent use of official marks in relation to background colors.

Note that these are not prescribed uniform designs, but rather illustrate the recommended dominance of color and how the wordmarks should be treated on uniforms.
Merchandise examples

The UMBC athletic logos can be used in a variety of merchandising and clothing applications. These logos and wordmarks should NEVER be treated in colors other than UMBC’s official school colors and accent colors as outlined in these guidelines. Colors should always be selected to match the Pantone colors: PMS 123 for gold, PMS 1255 for brown and PMS black.

The color of the clothing should match or complement UMBC colors.

EXAMPLES OF SHIRTS
Note that these are not prescribed merchandise designs, but rather illustrate just a few possibilities.

19. **Disputes.** This contract shall be subject to the USM Procurement Policies and Procedures. Pending resolution of the claim, the Contractor shall proceed diligently with the performance of the contract in accordance with the procurement officer's decision.

20. **Changes.** This contract may be amended only with the written consent of both parties. Amendments may not change significantly the scope of the contract (including the contract price).

21. **Multi-Year Contracts Contingent Upon Appropriations.** If the General Assembly or other funding source fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the University's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the University from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. The University shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

22. **Intellectual Property.** Contractor agrees to indemnify and save harmless the University, its officers, agents and employees with respect to any claim, action, cost or judgment for patent infringement, or trademark or copyright violation arising out of purchase or use of materials, supplies, equipment or services covered by this contract.

26. **Conflicting Terms.** Any proposal for terms in addition to or different from those set forth in this purchase order or any attempt by the Contractor to vary any of the terms of this offer by Contractor's acceptance shall not operate as a rejection of this offer, unless such variation is in the terms of the description, quantity, price or delivery schedule, but shall be deemed a material alteration thereof, and this offer shall be deemed acceptable by the Contractor without the additional or different terms. If this purchase order is an acceptance of a prior offer by the Contractor, the acceptance is expressly conditioned upon Contractor's assent to any additional or different terms contained herein. The Contractor understands and agrees that the terms and conditions of this purchase order may not be waived.

27. **Drug and Alcohol Free Workplace.** The contractor warrants that the contractor shall comply with COMAR 21.11.08 Drug and Alcohol Free Workplace, and that the contractor shall remain in compliance throughout the term of this purchase order.

28. **Retention of Records.** The Contractor shall retain and maintain all records and documents relating to this Contract for three years after final payment by the University hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the University, including the procurement officer or designee, at all reasonable times.

29. **Maryland Law Prevails.** This Agreement shall be governed by and construed in accordance with the laws of the State of Maryland, without regard to its conflicts of law or choice of law principles. A statement in a header or footer on each page or contained in a preface or opening paragraph indicating that the entire bid or each page is deemed confidential is not adequate. Bidders/Proposers must clearly indicate each and every section that is deemed to be confidential, proprietary, or a trade secret. By submitting a response to this solicitation, the Bidder consents to release of all bid documents with the exception of those specific provisions that are noted confidential, proprietary or a trade secret as defined and set forth in the Access to Public Records Act, State Government Article, Title 10, Subtitle 6, Annotated Code of Maryland.

2. Bid Bond Notice. A bid bond is required for all construction contracts reasonably expected to exceed $100,000. All other solicitations on all University contracts in excess of $100,000 shall require, if so noted, the submission of bid security in an amount equal to at least 5 percent of the total amount of bid, at the time bid is submitted. If a contractor fails to accompany its bid with the required bid security, the bid shall be determined non-responsive.

3. Minority Business Enterprise Participation. Minority Business Enterprises are encouraged to respond to this solicitation. If so noted in the specifications that an MBE subcontract participation goal has been established by this procurement, by submitting a response to this solicitation, the bidder agrees that the established amount of the contract will be performed by minority business enterprises.

4. Arrangements. By submitting a response to the solicitation, a vendor shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the contract if selected for contract award.

5. Bid/Proposal Affidavit. The attached Bid/Proposal Affidavit must be signed and returned with all bids. Bids returned without a signed affidavit shall be deemed non-responsive.

6. Acknowledgements. The Bidder must acknowledge in writing the receipt of all amendments, addenda, and changes issued concerning this solicitation.

7. Reservations of Rights. This solicitation implies no obligation on the part of the University. The University reserves the right to increase or decrease the quantities of any materials, equipment, supplies, or services. The University reserves the right to award by item, groups or items, or total bid and to waive any technical or minor irregularities.

8. Bid Validation and Rejection. The unit price shall be considered as the price bid. Separate unit prices shall be submitted for each item: extensions shall be indicated where applicable and total bid price shown when requested. In the event of a discrepancy between unit price and total, unit price shall prevail. Bids may be rejected or withdrawn by written notice prior to the time and date set for opening. The University reserves the right to accept or reject any and all bids in part. Unless otherwise provided in this solicitation, bid prices are irrevocable for a period of 90 days following bid opening.

9. Small Business Set-Aside. In accordance with COMAR 21.11.01.01B, the University shall give 5% bid preference or a predetermined preference percentage to reflect different industry characteristics for small business set-aside.

10. Terms. Prompt payment discounts offered for payment within less than 30 calendar days will not be considered in evaluation offers for award. However, offered discounts of less than 30 days will be taken if payment is made within the discount period, even though not considered in the evaluation for award.

11. Discounts. Discount time will be computed from the date of your delivery to the carrydate F.O.B. shiping point or from the date of delivery at destination where F.O.B. point is destination, or from any invoice date received in the Accounts Payable Office when such invoice was necessary. Payment is deemed to be made for the purposes of earning the discount, as of the date appearing on the check.

12. Sales and Use Tax License. By submitting a response to this solicitation (if it involves the sale of personal property to the University), the Bidder/Offeror certifies that it possesses a valid sale and use tax license.

13. Routing. All material must be forwarded by the route taking the lowest transportation rate or in accordance with special shipping instructions; otherwise the difference in freight rate and extra cost of cartage will be charged to your account.

14. Samples. The University reserves the right to request and be furnished samples at no expense to the University, prior to or after the award, for the purpose of quality and specification evaluation. Samples shall be returned, upon request, at the Contractor's expense. The University does not guarantee that samples returned will be in the same condition as submitted.

15. Submittal of Terms and Conditions. The Purchase Order issued by the University shall constitute the contract between the parties. Terms and conditions submitted by a bidder after solicitation closing date shall not be accepted. Any proposed terms and conditions, including any for contracts which the bidder proposes to use, shall be submitted by the solicitation closing date as a part of the bid. Any proposal for terms in addition to or different from those set forth in this bid or any attempt by the Contractor to vary any of the items of this bid by contractor's acceptance shall not operate as a rejection of this bid, unless such variance is in the terms of the description, quantity, price or delivery schedule but shall be deemed a material alteration thereof, and this bid shall be deemed acceptable by the Contractor without the additional or different terms.

16. Reciprocity. A preference under this section shall be identical to the preference that the other state gives to its residents. When the State of Maryland uses competitive sealed bidding to award a procurement contract, the state may give a preference to the resident bidder who submits the lowest responsive bid if: 1) the resident bidder is a responsible bidder; 2) a responsible bidder whose principal office is in another state submits the lowest responsive bid; 3) the other state gives a preference to its residents; and 4) a preference does not conflict with a federal law or grant affecting the procurement contract. A preference includes a percentage preference, an employee residency requirement or any other provision that favors a resident over a non-resident. A resident bidder is a bidder whose principal office is located in the state. In accordance with state law, state finance & procurement article 14.401. A non-resident bidder submitting a bid/proposal for a state project shall attach to the bid/proposal a copy of the current statute, resolution, policy, procedure, or executive order of the resident state of the non-resident bidder that pertains to that state's treatment of non-resident bidders.

17. Cancellation Policy. The University may cancel this solicitation, in whole or in part, for any reason.
