

TRANSACTIONS ON GEOSCIENCE AND REMOTE SENSING

Ann Arbor, MI USA, 10 March 2010

Professor Antonio Plazat
Hyperspectral Computing Laboratory
Department of Technology of Computers and Communications
University of Extremadura,
Avda. de la Universidad s/n, 10071
Caceres, Spain

Dear Professor Plaza:

I am very pleased to inform you that you have been recognized by the IEEE Geoscience and Remote Sensing Society as a 2010 Best Reviewer of the Society's peer reviewed journal: *Transactions on Geoscience and Remote Sensing*. This honor is bestowed in recognition of your outstanding service to the journal, both in terms of the technical excellence of the reviews performed and the timeliness with which they have been consistently provided. Anonymous peer reviewing is one of the cornerstones of vigorous advancement in science and engineering research, but it is also often one of the most underappreciated of the many requests and demands made of subject experts. It is for this reason that our Society is extremely grateful for the time, energy and dedication that have been shown. We intend to feature an announcement of this award in an upcoming issue of our Society's Geoscience and Remote Sensing Newsletter as an acknowledgement of the honor to your peers and colleagues in the scientific community. It is an honor well deserved.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Ruf", written over a light blue circular stamp or watermark.

Prof. Christopher S. Ruf
Editor in Chief, *IEEE Transactions on Geoscience and Remote Sensing*
Director, Space Physics Research Laboratory
Professor of Atmospheric, Oceanic and Space Sciences
and Electrical Engineering and Computer Science
University of Michigan, Ann Arbor
